**Close to the
center but
away from
the hustle
and bustle.**

I hope this message finds you well. I wanted to take a moment to express my gratitude to you and your team for the exceptional service and support during our stay.

For F&B, the manager Jose was incredibly organized, attentive to every detail, and always helpful. I was also impressed by Joao, who remembered my preference for Coke Zero without me even having to ask. It was such a thoughtful gesture.

At Reception, Burno responded promptly to all our needs, and Diana stood out for being meticulous and well-informed.

I apologize if I've missed mentioning anyone by name, but I want to emphasize that your entire staff has been remarkably helpful. We had a wonderful time, and both my bosses and colleagues were very pleased with their stay at your hotel.

Mrs.Alice Wong

Green Meetings

The sustainability policy of Inspira Liberdade Boutique Hotel is transversal to all its operations. In the case of meeting rooms, eco-friendly strategies have also been implemented, both in terms of equipment and reducing waste. Inspiring us and reducing waste is a priority.

In this context, we have developed the concept of Green Meetings, which defines logistics oriented towards paperless procedures (e.g., notepads and pencils on request), energy savings (low-energy light bulbs), and the implementation of audiovisual equipment with low environmental impact (e.g., video conferencing systems and electronic flip charts).

WELCOME to the Chef's KITCHEN
The kitchen is not just a place where food is made, it's a place where the chef's personality is expressed. It's a place where the chef's creativity is put to work, and where the chef's passion for food is evident in every dish. The chef's kitchen is the heart of the restaurant, and it's where the magic happens.
